66/A West Raza Bazaar, Indira Road, Dhaka-1215

HELLO !

I am Khairul Anik. I usually develop responsive and full-fledged web UI with the popular front-end build tools. I find myself comfortable working with HTML5, CSS3, jQuery, Twitter Bootstrap, SASS, Foundation, Google MDL, Gulp, Git and so on.

EDUCATION

B.Sc graduate from BUTEX, Bangladesh.
I studied Textile Engineering at BUTex, Bangladesh.

Course on Node.js.
Recently completed a course on Node js at Techmasters.
(http://techmasters.co).

WHY CHOOSE ME ?

- Self motivated and passionate about coding.
- Project delivery in necessary time frame.
- Daily brief report of progress.
- Excellent self learning and resource sourcing capability.
- Easy to deal with & open for any criticism.
- Clean, SEO & Performance optimized, developer friendly code.
- Up-to-date with latest design and coding trends.
- Available for test projects.

EXPERIENCE

DEMO SITES : Built couples of websites using various tech for experimenting purpose. Some of which you can look at are on my portfolio :
